

House rules

The rental property incl. the furniture and the other objects and contents are to be treated with care. Please leave the house as you found it before.

Of course nobody intends to damage things by purpose, but such things might happen in daily use. Damages and losses that are found before or during your rental period are to be reported to the landlord immediately (in order to substitute losses). At latest when you hand back the key of the property, you have to present the claim/s.

the kitchen oven has several functions:

- *Heating up the kitchen*
- *Heating into the central heating system, what means **heat up the hole house!***
- **Of course cooking-baking!**
- *Heating up the „Kunscht“ (**sitting oven** on the other side of the room)*

Please take care, if you start heating put the **red marked lever** upright like shown in the picture!

Put the ashes **ONLY** in the special metal bucket!! It is located next to the rubbish bags in the barn or next to the oven. We have another two ovens in the house.

The Schwarzwaldbauernhaus is a non-smoking property! It is not allowed to smoke inside the house or in any other building nearby (barn, stable etc)! Please throw cigarette butts into the ash-tray which is located under the porch roof onto the terrace. Only here it is allowed to smoke. But please take care (fire danger)! There is so much wood onto and around the terrace!

Never throw away cigarette butts into the garden or anywhere else than into the ash-tray on the terrace!

Barbecuing is only allowed in the garden. It is furthermore strictly forbidden to barbeque or to spark fire at the terrace or any other place than the fireplace in the garden.

It is not allowed to keep pets (dogs, cats etc) or any other animals.

Please do not throw any rubbish, leftovers or harmful liquid into the basin, utility sink, shower bath or toilet. Please use the rubbish bags in the barn

Before you leave the house the refrigerator has to be clean and empty, **but do not switch it off!**

In the barn there a rubbish bag for recyclable waste – put inside everything which has the so called “dot”  on it (**yellow** bag).

The non-recyclable waste put into the black big bucket in front of the house.

Please carry the glass-waste to the bottle bank to the other side of the EDEKA market in St. Blasien.

The dishes should be dry and clean before you put them into the cupboard. If you use the dish washer it has also to be empty and clean when you leave.

Only use Candles with an oven ware, and only if an adult is watching.

A fire drencher is located in the corridor to the barn.

It is not allowed to use interior furniture outside the house.

Please do not leave the outdoor-seat-cushions outside overnight. Please put them back into the chest.

If you use the barbecue please clean the barbecue grid and also put the cold ash into the metal bucket.

Please close and lock all doors and windows when leaving the house (thunderstorms can be quiet heavy in this area of the black forest).

In front of the house you can find parking spaces which are reserved for you. Please use only these parking spaces.

At the end of the rental period the tenant has to return the property tidy, straight and clean swept. The fee for final housecleaning only relates to a "final cleaning" arranged by the landlord. A general cleaning is to be arranged by the tenant.

We wish that you will enjoy your stay in the Schwarzwaldbauernhaus!

Bernau, 30. January 2014

André Paris & Kerstin Battes
